OVER ALL OBSTACLES, IMMENSE CROWD WILL HEAR GOVERNOR TOMORROW

Leading Band of State Secured; and it
Will be a Hot Political Occasion in
Ada Tomorrow. Gather at
The Opera House.

With only two days notice, no weekly publication issue intervening and with too bad weather to reach the farmers with circulars or messages, the Governor Haskell reception will not probably reach the number of thousands of people from out of town tomorrow as was prospected in yesterday's press.

But when it is known that every name from the country published in another column as being on the reception committee represent people without exception, who have promised to be here early tomorrow and to bring every accessible citizen with them; there is much confidence, that the little cities and villages, alone here around will send a thousand visitors to meet the governor.

The city of Ada will turn out en masse. The three hundred normal students will hear the governor. Though the Parks opera house will seat, as is being arranged 1500 people, it is predicted that you will

have to come early if you secure a seat.

Meet the governor and his party at the train, shake hands with him at the hotel where he will hold an informal reception before the noon hour, then break into the opera house where you will hear a speech that will hold you for awhile.

LEADING BRASS BAND IN ADA TOMORROW

The finance committee on the Haskell entertainment this afternoon secured the all day services of the Holdenville Commercial Club band, one of the best in the state. It will arrive on the morning Frisco and there will be music and oratory galore all day.

It is thought that a good number of democrats will come down from Holdenville.

100 KILLED BY DYNAMITE

NOT KNOWN WHETHER ACCIDENT
OR CONSPIRACY WAS
THE CAUSE

CUBAN RURALES VICTIMS

Buildings were Wrecked. Mangled
Bodies were Found Miles
Away

Havana, May 18.—Two almost simultaneous explosions of dynamite supposed to consist of 3,000 pounds completely demolished the rural guard barracks in the city of Pinar Del Rio this afternoon. Fully a hundred persons were killed and nearly as many were wounded.

Most of the dead were rural guards but the entire families of several of the officers of the rural guard, it is reported, were killed also, as well as several employees of the public works department and residents of the city, on which fell a deluge of masonry and debris from the blown-up building.

It is not known yet whether the explosion was the result of an accident or was due to an act of conspiracy. But the former hypothesis is considered the more probable. Several relief trains carrying surgeons, officers and men of the rural guard and Government officials started this afternoon from Havana to the scene of the catastrophe, which is 108 miles distant.

The names of the dead have not yet been reported, with the exception of Capt. Alfredo Ravena and Capt. Gaspar Betancourt of the garrison and their families, who are believed to be buried in the ruins of the officer's quarters adjacent to the barracks.

The barracks was a massive building of Spanish construction and occupied an eminence in the outskirts of the city to the north. During the late intervention it was the headquarters of Col. Parke's regiment, the Eleventh Cavalry. Adjacent to the barracks was a long row of officers' quarters. Recently the barracks was occupied by the public works department and four troops of rural cavalry.

In consequence of the alarm over race disturbances, the Government ordered all deposits of dynamite in the vicinity in the possession of contractors for road construction and other public work to be removed

to the barracks for safe-keeping. This afternoon the work of removing the dynamite from the barracks for shipment to the Government magazines in Havana was begun by employees of the public works department, assisted by rural guards.

They were engaged in loading cases of the dynamite of wagons when a terrific explosion occurred, instantly followed by another, strewing the central court in which the work was going on with dead and wounded. The whole massive barracks building was destroyed, the adjacent rows of officers' quarters were demolished, and the whole northern section of the city was deluged with a torrent of fragments of masonry.

The explosion occurred at 5 o'clock, a few seconds before the men would have quit work, and it is generally believed that the first resulted from the accidental fall of a box of dynamite which had been lifted on a wagon. It is impossible, however, to determine absolutely the cause, for the reason that all in the immediate vicinity were blown to fragments. It is believed the majority of the wounded are residents of the town, as practically all within the barracks were instantly killed or buried in the ruins.

The work of exhuming the dead and searching for those who may still live is going on tonight, but it is greatly retarded by the destruction of the electric light wires and the fear that a quantity of unexploded dynamite remains in the ruins.

According to reports received here the mangled remains of victims were found in the streets of the city a mile from the scene of the explosion. There is great anxiety in Havana, owing to the fact that a large number of the Rural Garrison at Pinar del Rio recently were sent from this city, where their families reside.

Gen. Montague, commanded of the rural guard, left tonight for Pinar del Rio with a strong force, to render all possible aid.

GOOD TAILORING

Is what gives all clothes style and permanency of shape; it is the vital feature of clothes making and without it any garment will soon lose its shape.

Hart, Schaffner & Marx Fine Tailored Clothes

are well tailored throughout. They have a graceful, pleasing shape that is worked into the garments as they are made and which guarantees permanent and lasting style.

This season is a lively one in the variety of weaves and patterns. Gray seems to lead, plain grays, checks, stripes, plaids, all sorts of mixtures; also a big range of good blues in all patterns, some lined and half lined, some silk lined. The pants, some are plain, others in half peg and some full peg with a 3 inch turn at bottom.

We're pretty certain if you once determine you want permanency in shape, "quality," style and an all wool suit, you'll come to us for your clothes.

Suits from \$10, \$15, \$20, \$25

We are sure we can save you from \$5 to \$10 on every suit you get here.

HASKELL DELIVERS TEMPER- ANCE SPEECH AT CHANDLER

Chandler, Okla., May 17.—Before a large audience in the Methodist church tonight Governor Haskell delivered a temperance speech. Tomorrow he is the principal speaker at a Robertson home-coming rally. The governor was met at the station by Company B of the National Guard and officers of the guard, who are on the state target range. Among them were Adjutant General Frank

Canton, General Alva J. Niles, Col. Roy Hoffman, Lieutenant Cullison and Lieutenant Ennis.

Several aspirants for state offices are here and several hundred people are expected to attend the rally tomorrow. Judge Robertson himself will speak.

CLINT GRAHAM ANNOUNCES
FOR ATTORNEY GENERAL

Clint Graham of Marietta, Love
county, has announced for the At-
torney Generalship of Oklahoma sub-
ject to the action of the Democratic
primaries. There are few better post-
ed men in the state on the laws of
Oklahoma than Graham. He was a

member of the Constitutional Con-
vention and has since statehood serv-
ed his people in the senate and was
president pro tem during the last
two sessions.

Graham's work will compare favor-
ably with any of the able men who
served with him, his most noted
work was in drafting and having
passed the Jim-Crow law, one of the
most popular laws in the state. At all
time he has voted for and worked
for the upbuilding of the state and
the betterment of its people.

(He is an able lawyer, and will
fight for his rights. As Attorney Gen-
eral he promises to be ever watchful
of the constitutional rights of the
people and will pledge the enforce-
ment of every law on the books. His
friends at Marietta organized a cam-
paign club Monday and on all the
various committees will be found men
from all walks of life and from the
enthusiasm displayed they have ev-
ery confidence in his victory at the
polls August 2nd.

Clint Graham is the right man
for the place and the state will have
in him an official at the head of its
land department, a man well quali-
fied to discharge the duties in a man-
ner becoming the dignity of the high
office.

Mr. Graham will make an active
canvass for the office and will at an
early date address the people at this
place.

HON. LEO MEYER, CANDIDATE FOR SECRETARY OF STATE

The candidacy of Leo Meyer for
the democratic nomination for Sec-
retary of State is everywhere receiv-
ing the enthusiastic and sincere en-
dorsement which it so justly de-
serves. Mr. Meyer has served as As-
sistant Secretary of State during the
administration of Secretary Bill Cross
and during the latter's illness which
has extended over the greater part
of the past three years, Mr. Meyer
has shouldered the responsibilities
of the office and carried them for-
ward with marked success and ability.
He is familiar with every detail, he
knows the duties of the office, he
has been tried and found to be thor-
oughly competent, honest, trust-
worthy and efficient.

Shall faithful public service be re-
warded? If the democracy of this
state is desirous of rewarding one
who has ever upheld the banners
of the party, who has worked consist-
ently and conscientiously to render
that service to the public which is
deserving of their commendation, if
efficiency and though familiarity
with the responsibilities and duties
of the office count for anything
if the qualifications of honesty, in-
tegrity and business ability are
wanted by the tax payers of Oklaho-
ma, in Leo Meyer of Beckham coun-
ty the democracy will find just such
a man.

A vote for Leo Meyer at the Aug-
ust primaries will be a vote of ap-
preciation of the services of a loyal
and faithful public official who has
made good.—(Adv.)

VENTURES TOO NEAR A MULE.

Missouri Circuit Court Decides That
It Is Pure Negligence If Mule
Be in Bad Humor.

Macon, Mo., May 18.—The Macon
circuit court says that a person who
ventures too near the protesting
hoofs of a Missouri mule when the
animal is clearly in an ill humor is
guilty of contributory negligence.

Broad Johnston, a driver employed
in a mine here, was driving the mule,
"Jesse James" along the mine entry
on Nov. 6, 1908, when the air under-
ground became so foul as to disturb
the mule's placid temperament.

"Jesse James" bombarded Johnson
with kicks until the man became un-
conscious. Johnson sued for \$10,000
and the company made the claim that
it had settled for \$328. In the argu-
ment on the demurrer, the defense of-
fered a searching analysis of "esse
James" which tended to show that
the mule bore an unblemished rep-
utation for burring this incident.

The demurrer was sustained on the
ground that Johnson had stayed too
near the firing line.

TRAIN CONDUCTOR HURT AT ADMORE

Admore, Okla., May 18.—J. B. Rob-

BILL ENTITLED—AN ACT.

Proposing an amendment to the Con-
stitution of the State of Oklahoma,
in compliance with the suggestions
and provisions of Senate Bill No.
126 of the extra session of the leg-
islature of 1910, adding to Article
Three of such Constitution, the fol-
lowing provision which shall be
known as Section "4a" of said Ar-
ticle Three, the same relating to
the right of suffrage, prescribing
an education qualification therefor,
and providing a method of enforce-
ing same.

Be It Enacted By the People of the
State of Oklahoma:

That the Constitution of the State
of Oklahoma be, and the same is
hereby amended by adding to Ar-
ticle three thereof, as Section "4a"
the following:

Section 4a. "No person shall be
registered as an elector of this state,

or be allowed to vote in any elec-
tion held herein, unless he be able
to read and write any section of the
Constitution of the State of Okla-
homa; but no person who was, on
January 1st, 1866, or at any time
prior thereto, entitled to vote un-
der any form of government, or who
at that time resided in some foreign
nation, and no lineal descendant of
such person, shall be denied the
right to register and vote because
of his inability to so read and write
sections of such Constitution.

Precinct election inspectors hav-
ing in charge the registration of elec-
tors shall enforce the provisions of
this section at the time of registra-
tion, provided registration be re-
quired. Should registration be dis-
pensated with the provisions of this
section shall be enforced by the pre-
cinct election officers when elec-
tors apply for ballots to vote.

TRIBAL AFFAIRS SETTLEMENT POSTPONED

Will Be Carried Over Till Next Con-
gress—May Sell Surface
Lands.

Washington, May 18.—The bill for
the settlement of the affairs of the
Five Civilized Tribes, except the mat-
ter of the sale of the surface lands,
will go over until the next session
of congress. This was decided today
when hearings on the McGuire
amendment for the reopening of the
rolls came to an end. The agreement
which has been reached is that dur-
ing the summer vacation the matter
is to be taken up at a series of con-
ferences between the Interior Depart-
ment, the congressional committees
on Indian Affairs and the chiefs of
the tribes, as a result of which the
department is to recommend to Con-
gress the names which are to be
added to the rolls. It is also hoped
that as a result of these conferences
all other details relating to the clos-
ing up of the Indian affairs in Okla-
homa will be agreed upon.

It is still expected that congress
will settle the question of disposing
of the surface lands at this session,
despite the earnest protests which
the Indians are making against the
provision. Their objection to the sepa-
rate sale of the surface lands is
based on the belief that such a
course would depreciate the value of
the minerals underneath.

UNCLE SAM STOPS BOMBARDMENT OF CITY

GUNS TRAINED ON BLUEFIELD;
WOMEN AND CHILDEN LEAV-
ING CITY; U. S. STEPS IN

New Orleans, La., May 18.—A ca-
blegram to the Texas News Service
Bureau via Galveston, from Blue-
fields, Nicaragua, this morning states:

"Having outwitted the Madriz navy,
which has been seeking the vessel
for the purpose of ramming and sink-
ing her the cruiser Venus, manned
by the Estrada forces, arrived off this
port last night. The cruiser is pre-
paring to bombard the city.

"The women and children are be-
ing sent inland. Officers of the vessel,
which was fitted out at New Orleans
recently, will demand the unconditional
surrender of the city within
twenty-four hours.

"The local authorities today peti-
tioned for permission to communicate
with Madriz.

"The Venus is training her guns to-
ward the city. Residents are terror
stricken. General Chavarrie is now
bombarding Rema, the fall of which
is momentarily expected."

Uncle Sam Stops Play.

Washington, May 18.—Commander
Gilmore of the gunboat Paducah has
served notice on General Irias who
is in command of the Venus that he
will not permit a bombardment of
the city of Bluefields and has also
notified Estrada and Madriz he will
not permit an armed conflict within
the city.

STEAMER SINKS WITH 150 ON BOARD

Panic Among Passengers—Other Boat
to the Rescue—All Saved.

Kansas City, Mo., May 18.—Panic
stricken by the realization that they
were on a sinking steamer 150 pas-
sengers, men, women and children,
struggled and fought madly to es-
cape from the excursion steamer
Uncle Sam when it struck a sandbar
and capsized in the Missouri river
near here Wednesday afternoon, and
only the coolness of the boat's crew
prevented loss of life.

The accident occurred in midstream
where the river is wide and deep.
The steamer was attempting to turn
round and while backing down the
river with the rapid current, struck
the large sand bar squarely, crush-
ing in the entire right side of the
boat.

The boat filled swiftly and men and
women began to scream, "She's
sinking; she is sinking." Instantly the
officers and crew found themselves
in the midst of a struggling mass
of humanity.

The boat was headed for the shore
but before arriving there it sank
on one side, submerging half the deck.
A few people jumped overboard, but
as the water was shallow, they were
rescued without difficulty. Officers of
the government steamer Missouri,
seeing the plight of the Uncle Sam
rushed their boat to the rescue. The
crew of the excursion boat found it
impossible to make use of its life
boats.

Officers of the Uncle Sam were bad-
ly frightened for fear that the boil-
ers of the boat would explode be-
fore the passengers were landed. The
rapid filling of the hull, with water,
cooled the boilers and probably pre-
vented an explosion.

In less than ten minutes after the
boat sank every passenger was safe-
ly on the shore.

DO IT; THEN TALK.

"Everybody turn in now and help
beat Bill Murray," is the cry of the
republican spellbinder. God, yes!
When you have absorbed the ocean in
a sponge; when you have hobbled a
cyclone with a grapevine and lassoed
a whirlwind with a leather string;
when you have glutted the burning
maw of Vessuvius with a handful of
coal and dammed up Niagara's rush-
ing torrent from shore to shore with
a cart-load of saw-dust; when you
have built a railroad to the moon
and established telegraphic com-
munication with the planet Mars;
when you have unbuckled the belly-
band of eternity and let her go Gal-
agher; when you have gathered the
stars of heaven into a half bushel
and put them under a setting hen;
when you have cooled hell with an
icyle, and sanctified the devil with
holy water, and reformed all his imps
with Sunday school literature; Then,
but never till then, may you with
any reasonable degree of assurance
talk about beating Bill Murray.—

YALE PRESIDENT DEFENDS COMBINES

President of Yale Addresses a Convention at Gordon Jubilee of the University of California.

Berkley, Calif., May 18.—The following is an extract from an address of President Hadley of Yale here yesterday:

"It is this vast mass of varied business to be done which constitutes the chief danger to modern democratic government. The people, under existing conditions, are brought face to face with a difficult alternative. If, in the desire to secure efficiency, they leave the business of government to the experts, democracy dies of dry rot. If, in the desire to maintain the old democratic conditions, they try to do everything themselves, it results sometimes in efficient business and sometimes in violence and anarchy.

"It is commonly said that wealth and particularly concentrated wealth, is fatal to democracy. This is, I am convinced, a very inadequate conception, either of the source of danger or of the task and duty which lie before those who would prevent it.

"The large combinations of capital are not in any true sense the cause of dangers and difficulties today. They are symptoms rather than causes—indications that population has become so large and society so complex that their needs have outgrown the framework which sufficed for the older and simpler conditions. Under these circumstances, it is absolutely necessary to separate the problems of the people from the problems of the experts and to manage each group in its own proper way.

"The thing that makes the political situation serious is that a number of public questions of a kind not exactly foreseen by the framers of the constitution come into the foreground; questions where we need the advice of specialists, and where the particular specialists who occupy our judicial offices, however great their training and high their character, have not always the specific training which will qualify them to decide these questions wisely.

"We must," he said in conclusion, "educate the people up to the point where they will be content to leave some things to specialists."

WESTERN SENATORS BALK END DREAM OF PEACE

Washington, May 18.—Short-lived was the sweet dream of peace within the republican party over putting through what is left of the administration anti-railroad bill. This dream was evolved at the White House conference last Saturday night when the leading republican senators, except the hard and fast insurgents, got together and decided to put the rest of the bill through without any more dissension. Accordingly the court of commerce feature was adopted yesterday by a handsome majority.

Another Rupture Threatened.
All indications are that the dream went to pieces today over the Cummins amendment to take out of the hands of the Attorney General the sole defense of the commission's orders when attacked in court. Some of the Western Republican senators who want to be regular on that point can not resist the demands of their constituents, and another bad rupture is threatened.

The regulars fear that another insurgent and democratic combination will upset them, so Senator Aldrich today indicated his willingness to accept the house provision of the bill as a substitute for the Cummins amendment, but Senator Cummins refused to agree to this.

Aldrich Anxious to Shape Bill.
The readiness of Senator Aldrich to agree on other propositions in the bill indicates his willingness to accept several of the insurgent amendments in order to get the bill out of the senate and into conference where the final shaping up will occur. The insurgent Senators, however, are insisting upon fighting out each amendment, and declare that the regulars have not yet offered any common ground upon which they can get together in regard to the amendments on which the insurgents still insist.

COLUMBIA BANK PAPER ALLOWED TO SELL

Possibility of Great Development by Chicago Capitalists in the Eastern Part of the State.

Oklahoma City, May 19.—With the signature of the order by District Judge George W. Clark allowing the sale of about \$500,000 face value of security of the defunct Columbia Bank and Trust Company for \$225,000 in cash there looms a possibility of great developments by Chicago capitalists in the eastern part of the state.

Among the stocks in the transfer are those of various oil companies and the Bartlesville Water and Power Company. T. C. Hughes of Chicago has been in Oklahoma City for several months in the interests of the Chicago purchasers, and it is understood that it was through his efforts that the offer was made and that the industries will be developed.

The order allows the sale of a given list to Cobe & McKinnon of Chicago representing the Assets Realization company, and speaks as of May 14. The list includes notes of a face value of \$297,916, shares of Bristow Fire and Light company bonds to the amount of \$40,000 and of the Bartlesville company, \$71,750.

Filed with the petition presented to Judge Clark were the minutes of the last meeting of the state banking board. In this meeting the matter was gone over thoroughly and the offer was decided to be a good one in every respect. The Chicago firm, to show its good faith, had deposited a certified check for \$15,000 with the board.

It was announced that with the realization of this \$225,000 the liabilities of the Columbia Bank and Trust company could be liquidated and a balance left to return to the state guaranty fund. This does not wind up the assets of the company by any means, as it is reported that about \$600,000 face value of securities still remains, which it is believed can be sold for from 40 to 50 cents on the dollar.

COMMISSION ON SCHOOL FOR DEAF VISIT WASHINGTON

Washington, May 18.—The special commission from Oklahoma, composed of Bill Cross, secretary of state; E. D. Cameron, superintendent of public instruction; W. S. Wiley, education secretary of the Baptist University at Shawnee, and A. A. Stewart superintendent of the state school for the deaf at Sulphur, to which has been intrusted the work of organizing a model school for the deaf of Oklahoma, is here making a study of Gallaudet College for the Deaf and dumb today.

Prof. Cameron in discussing the work of the commission today, stated that the proposed school would comprise of six cottages, to cost \$10,000 each, and a central administration building which will be erected at a cost of \$40,000. He declared the appropriation would make possible the construction of one of the most modern institutions of its kind in the world.

While in the East the commission visited the Baltimore State school for the Blind, the Annapolis Military Academy, the Mount Airy State school for the deaf at Philadelphia, Gallaudet College, Washington, and the state school for the deaf at Indianapolis.

The commission has also interviewed Dr. H. S. Pritchett of the Carnegie Endowment fund. They asked for an endowment and received assurances that the matter would be taken under advisement.

Contracts for the Oklahoma school it is said, will be let about July 1. Charles H. Sudhoelter of Muskogee will be the architect.

JAIL DELIVERY AT DENISON.

Four Whites, Two Negroes Walk Out of Prison—Door Not Properly Fastened.

Denison, Tex., May 18.—Failure to properly fasten the Denison jail door permitted six prisoners, four whites and two negroes to walk out and secure a two or three hour start before delivery was discovered yesterday. The lock was fastened in the staple but the hasp was on top of the staple instead of the staple being put through the slot in the hasp.

Among the prisoners in the jail, all of whom but one were being held on misdemeanor charges, there was one arrested on suspicion, a negro, who remained in the open jail.

A side light on the jail delivery was the fruitless trip of Sheriff Rochelle of Bowie county, who arrived here yesterday afternoon to return a prisoner who was not a prisoner.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair-vigors may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

VOLUME 7

ADA, OKLAHOMA, THURSDAY EVENING, MAY 19, 1910

NUMBER 38

OVER ALL OBSTACLES, IMMENSE CROWD WILL HEAR GOVERNOR TOMORROW

Leading Band of State Secured; and it
Will be a Hot Political Occasion in
Ada Tomorrow. Gather at
The Opera House.

With only two days notice, no weekly publication issue intervening and with too bad weather to reach the farmers with circulars or messages, the Governor Haskell reception will not probably reach the number of thousands of people from out of town tomorrow as was prospected in yesterday's press.

But when it is known that every name from the country published in another column as being on the reception committee represent people without exception, who have promised to be here early tomorrow and to bring every accessible citizen with them; there is much confidence, that the little cities and villages, alone here around will send a thousand visitors to meet the governor.

The city of Ada will turn out en masse. The three hundred normal students will hear the governor. Though the Parks opera house will seat, as is being arranged 1500 people, it is predicted that you will

have to come early if you secure a seat.

Meet the governor and his party at the train, shake hands with him at the hotel where he will hold an informal reception before the noon hour, then break into the opera house where you will hear a speech that will hold you for awhile.

LEADING BRASS BAND IN ADA TOMORROW

The finance committee on the Haskell entertainment this afternoon secured the all day services of the Holdenville Commercial Club band, one of the best in the state. It will arrive on the morning Frisco and there will be music and oratory galore all day.

It is thought that a good number of democrats will come down from Holdenville.

100 KILLED BY DYNAMITE

NOT KNOWN WHETHER ACCIDENT
OR CONSPIRACY WAS
THE CAUSE

CUBAN RURALES VICTIMS

Buildings were Wrecked. Mangled
Bodies were Found Miles
Away

Havana, May 18.—Two almost simultaneous explosions of dynamite supposed to consist of 3,000 pounds completely demolished the rural guard barracks in the city of Pinar del Rio this afternoon. Fully a hundred persons were killed and nearly as many were wounded.

Most of the dead were rural guards but the entire families of several of the officers of the rural guard, it is reported, were killed also, as well as several employees of the public works department and residents of the city, on which fell a deluge of masonry and debris from the blown-up building.

It is not known yet whether the explosion was the result of an accident or was due to an act of conspiracy. But the former hypothesis is considered the more probable. Several relief trains carrying surgeons, officers and men of the rural guard and Government officials started this afternoon from Havana to the scene of the catastrophe, which is 108 miles distant.

The names of the dead have not yet been reported, with the exception of Capt. Alfredo Ravenna and Capt. Gaspar Betancourt of the garrison and their families, who are believed to be buried in the ruins of the officer's quarters adjacent to the barracks.

The barracks was a massive building of Spanish construction and occupied an eminence in the outskirts of the city to the north. During the late intervention it was the headquarters of Col. Parke's regiment, the Eleventh Cavalry. Adjacent to the barracks was a long row of officers' quarters. Recently the barracks was occupied by the public works department and four troops of rural cavalry.

In consequence of the alarm over race disturbances, the Government ordered all deposits of dynamite in the vicinity in the possession of contractors for road construction and other public work to be removed

to the barracks for safe-keeping. This afternoon the work of removing the dynamite from the barracks for shipment to the Government magazines in Havana was begun by employees of the public works department, assisted by rural guards.

They were engaged in loading cases of the dynamite of wagons when a terrific explosion occurred, instantly followed by another, throwing the central court in which the work was going on with dead and wounded. The whole massive barracks building was destroyed, the adjacent rows of officers' quarters were demolished, and the whole northern section of the city was deluged with a torrent of fragments of masonry.

The explosion occurred a 5 o'clock, a few seconds before the men would have quit work, and it is generally believed that the first resulted from the accidental fall of a box of dynamite which had been lifted on a wagon. It is impossible, however, to determine absolutely the cause, for the reason that all in the immediate vicinity were blown to fragments. It is believed the majority of the wounded are residents of the town, as practically all within the barracks were instantly killed or buried in the ruins.

The work of exhuming the dead and searching for those who may still live is going on tonight, but it is greatly retarded by the destruction of the electric light wires and the fear that a quantity of unexploded dynamite remains in the ruins.

According to reports received here the mangled remains of victims were found in the streets of the city a mile from the scene of the explosion. There is great anxiety in Havana, owing to the fact that a large number of the Rural Garrison at Pinar del Rio recently were sent from this city, where their families reside. Gen. Montague, commanded of the rural guard, left tonight for Pinar del Rio with a strong force, to render all possible aid.

**CLINT GRAHAM ANNOUNCES
FOR ATTORNEY GENERAL**

Clint Graham of Marietta, Love
county, has announced for the At-
torney Generalship of Oklahoma sub-
ject to the action of the Democratic
primaries. There are few better pos-
sible men in the state on the lays of
Oklahoma than Graham. He was 34

member of the Constitutional Con-
vention and has since statehood serv-
ed his people in the senate and was
president pro tem during the last
two sessions.

Graham's work will compare fav-
orably with any of the able men who
served with him, his most noted
work was in drafting and having
passed the Jim Crow law, one of the
most popular laws in the state. At all
time he has voted for and worked
for the upbuilding of the state and
the betterment of its people.

He is an able lawyer, and will
fight for his rights. As Attorney Gen-
eral he promises to be ever watchful
of the constitutional rights of the
people and will pledge the enforce-
ment of every law on the books. His
friends at Marietta organized a cam-
paign club Monday and on all the
various committees will be found men
from all walks of life and from the
enthusiasm displayed they have ev-
ery confidence in his victory at the
polls August 2nd.

Clint Graham is the right man
for the place and the state will have
in him an official at the head of its
land department, a man well qual-
ified to discharge the duties in a man-
ner becoming the dignity of the high
office.

Mr. Graham will make an active
cavass for the office and will at an
early date address the people at this
place.

HON. LEO MEYER, CANDIDATE FOR SECRETARY OF STATE

The candidacy of Leo Meyer for
the democratic nomination for Secre-
tary of State is everywhere receiv-
ing the enthusiastic and sincere en-
dorsement which it so justly de-
serves. Mr. Meyer has served as As-
sistant Secretary of State during the
administration of Secretary Bill Cross
and during the latter's illness which
has extended over the greater part
of the past three years, Mr. Meyer
has shouldered the responsibilities
of the office and carried them for-
ward with marked success and ability.
He is familiar with every detail, he
has been tried and found to be thor-
oughly competent, honest, trust-
worthy and efficient.

Shall faithful public service be re-
warded? If the democracy of this
state is desirous of rewarding one
who has ever upheld the banners
of the party, who has worked consist-
ently and conscientiously to render
that service to the public which is
deserving of their commendation, if
efficiency and though familiarity
with the responsibilities and du-
ties of the office count for anything,
if the qualifications of honesty, in-
tegrity and business ability are
wanted by the tax payers of Okla-
homa, in Leo Meyer of Beckham coun-
ty the democracy will find just such
a man.

A vote for Leo Meyer at the Aug-
ust primaries will be a vote of ap-
preciation of the services of a loyal
and faithful public official who has
made good. (Adv.)

VENTURES TOO NEAR A MULE.

Missouri Circuit Court Decides That
It Is Pure Negligence If Mule
Be in Bad Humor.

Macon, Mo., May 18.—The Macon
circuit court says that a person who
ventures too near the protesting
boots of a Missouri mule when the
animal is clearly in an ill humor is
guilty of contributory negligence.

Broad Johnston, a driver employed
in a mine here, was driving the mule,
"Jesse James" along the mine entry
on Nov. 6, 1908, when the air under-
ground became so foul as to disturb
the mule's placid temperament.

"Jesse James" bombarded Johnston
with kicks until the man became un-
conscious. Johnston sued for \$10,000
and the company made the claim that
it had settled for \$328. In the argu-
ment on the demurrer, the defense of-
fered a searching analysis of "esse
James" which tended to show that
the mule bore an unblemished rep-
utation barring this incident.

The demurrer was sustained on the
ground that Johnston had stayed too
near the firing line.

fore being rescued by a bystander.

Several gashes were cut in his

BILL ENTITLED—AN ACT.

Proposing an amendment to the Con-
stitution of the State of Oklahoma,
in compliance with the suggestions
and provisions of Senate Bill No.
126 of the extra session of the leg-
islature of 1910, adding to Article
Three of such Constitution, the fol-
lowing provision which shall be
known as Section "4a" of said Ar-
ticle Three, the same relating to
the right of suffrage, prescribing
an education qualification therefor,
and providing a method of enforce-
ing same.

Be It Enacted By the People of the
State of Oklahoma:

That the Constitution of the State
of Oklahoma be, and the same is
hereby amended by adding to Ar-
ticle three thereof, as Section "4a"
the following:

Section 4a "No person shall be
registered as an elector of this state

or be allowed to vote in any elec-
tion held hereof, unless he be able
to read and write any section of the
Constitution of the State of Okla-
homa; but no person who was, on
January 1st, 1906, or at any time
prior thereto, entitled to vote un-
der any form of government, or who
at that time resided in some foreign
nation, and no lineal descendant of
such person, shall be denied the
right to register and vote because
of his inability to so read and write
sections of such Constitution.

this section at the time of registra-
tion, provided registration be re-
quired. Should registration be dis-
pensated with the provisions of this
section shall be enforced by the pre-
cinct election officers when elec-
tors apply for ballots to vote

TRIBAL AFFAIRS SETTLEMENT POSTPONED

Will Be Carried Over Till Next Con-
gress—May Sell Surface
Lands.

Washington, May 18.—The bill for
the settlement of the affairs of the
Five Civilized Tribes, except the mat-
ter of the sale of the surface lands,
will go over until the next session
of congress. This was decided today
when hearings on the McGuire
bill for the settlement of the
rolls came to an end. The agreement
which has been reached is that dur-
ing the summer vacation the matter
is to be taken up at a series of con-
ferences between the Interior Depart-
ment, the congressional committees
on Indian Affairs and the chiefs of
the tribes, as a result of which the
department is to recommend to Con-
gress the names which are to be
added to the rolls. It is also hoped
that as a result of these conferences
all other details relating to the clos-
ing up of the Indian affairs in Ok-
lahoma will be agreed upon.

It is still expected that congress
will settle the question of disposing
of the surface lands at this session,
despite the earnest protests which
the Indians are making against the
provision. Their objection to the sepa-
rate sale of the surface lands is
based on the belief that such a
course would depreciate the value of
the minerals underneath.

UNCLE SAM STOPS BOMBARDMENT OF CITY

GUNS TRAINED ON BLUEFIELD;
WOMEN AND CHILDREN LEAV-
ING CITY; U. S. STEPS IN

New Orleans, La., May 18.—A ca-
blegram to the Texas News Service
Bureau via Galveston, from Blue-
fields, Nicaragua, this morning states:
"Having outwitted the Madriz navy,
which has been seeking the vessel
for the purpose of ramming and sink-
ing her the cruiser Venus, manned
by the Estrada forces, arrived off this
port last night. The cruiser is pre-
paring to bombard the city.

"The women and children are be-
ing sent inland. Officers of the vessel,
which was fitted out at New Orleans
recently, will demand the uncondi-
tional surrender of the city within
twenty-four hours.

"The local authorities today peti-
tioned for permission to communicate
with Madriz.

"The Venus is training her guns to-
ward the city. Residents are terror-
stricken. General Chavarria is now
bombarding Rema, the fall of which
is momentarily expected."

Uncle Sam Stops Play.

Washington, May 18.—Commander
Gilmore of the gunboat Paducah has
served notice on General Irias who
is in command of the Venus that he
will not permit a bombardment of
the city of Bluefields and has also
notified Estrada and Madriz he will
not permit an armed conflict within
the city.

STEAMER SINKS WITH 150 ON BOARD

Panic Among Passengers—Other Boat
to the Rescue—All Saved.

Kansas City, Mo., May 18.—Panic
stricken by the realization that they
were on a sinking steamer 150 pas-
sengers, men, women and children,
struggled and fought madly to es-
cape from the excursion steamer
Uncle Sam when it struck a sandbar
and capsized in the Missouri river
near here Wednesday afternoon, and
only the coolness of the boat's crew
prevented loss of life.

The accident occurred in midstream
where the river is wide and deep.
The steamer was attempting to turn
round and while backing down the
river with the rapid current, struck
the large sand bar squarely, crush-
ing in the entire right side of the
boat.

The boat filled swiftly and men and
women began to scream, "She's
sinking; she is sinking." Instantly the
officers and crew found themselves
in the midst of a struggling mass
of humanity.

The boat was headed for the shore
but before arriving there it sank
on one side, submerging half the deck.
A few people jumped overboard, but
as the water was shallow, they were
rescued without difficulty. Officers of
the government steamer Missouri,
seeing the plight of the Uncle Sam
rushed their boat to the rescue. The
crew of the excursion boat found it
impossible to make use of its life
boats.

Officers of the Uncle Sam were bad-
ly frightened for fear that the boilers
of the boat would explode be-
fore the passengers were landed. The
rapid filling of the hull, with water,
cooled the boilers and probably pre-
vented an explosion.

In less than ten minutes after the
boat sank every passenger was safe-
ly on the shore.

DO IT; THEN TALK.

"Everybody turn in now and help

a whirlwind with a leather string;
when you have glutted the burning
maw of Vessuvius with a handful of
coal and dammed up Niagara's rush-
ing torrent from shore to shore with
a cart-load of saw-dust; when you
have built a railroad to the moon
and established telegraphic com-
munication with the planet Mars;
when you have unbuckled the belly-
band of eternity and let her go Gal-
agher; when you have gathered the
stars of heaven into a half bushel
and put them under a setting hen;
when you have cooled hell with an

holy water, and reformed all his imps

but never till then, may you with
any reasonable degree of assurance
talk about beating Bill Murray.—

YALE PRESIDENT DEFENDS COMBINES

President of Yale Addresses a Convention at Gordon Jubilee of the University of California.

Berkley, Calif., May 18.—The following is an extract from an address of President Hadley of Yale here yesterday:

"It is this vast mass of varied business to be done which constitutes the chief danger to modern democratic government. The people, under existing conditions, are brought face to face with a difficult alternative. If, in the desire to secure efficiency, they leave the business of government to the experts, democracy dies of dry rot. If, in the desire to maintain the old democratic conditions, they try to do everything themselves, it results sometimes in efficient business and sometimes in violence and anarchy.

"It is commonly said that wealth and particularly concentrated wealth, is fatal to democracy. This is, I am convinced, a very inadequate conception, either of the source of danger or of the task and duty which lie before those who would prevent it.

"The large combinations of capital are not in any true sense the cause of dangers and difficulties today. They are symptoms rather than causes—indications that population has become so large and society so complex that their needs have outgrown the framework which sufficed for the older and simpler conditions. Under these circumstances, it is absolutely necessary to separate the problems of the people from the problems of the experts and to manage each group in its own proper way.

"The thing that makes the political situation serious is that a number of public questions of a kind not exactly foreseen by the framers of the constitution come into the foreground; questions where we need the advice of specialists, and where the particular specialists who occupy our judicial offices, however great their training and high their character, have not always the specific training which will qualify them to decide these questions wisely.

"We must," he said in conclusion, "educate the people up to the point where they will be content to leave some things to specialists."

WESTERN SENATORS BALK END DREAM OF PEACE

Washington, May 18.—Short-lived was the sweet dream of peace within the republican party over putting through what is left of the administration anti-railroad bill. This dream was evoked at the White House conference last Saturday night when the leading republican senators, except the hard and fast insurgents, got together and decided to put the rest of the bill through without any more dissension. Accordingly the court of commerce feature was adopted yesterday by a handsome majority.

Another Rupture Threatened. All indications are that the dream went to pieces today over the Cummins amendment to take out of the hands of the Attorney General the sole defense of the commission's orders when attacked in court. Some of the Western Republican senators who want to be regular on that point can not resist the demands of their constituents, and another bad rupture is threatened.

The regulars fear that another insurgent and democratic combination will upset them, so Senator Aldrich today indicated his willingness to accept the house provision of the bill as a substitute for the Cummins amendment, but Senator Cummins refused to agree to this.

Aldrich Anxious to Shape Bill. The readiness of Senator Aldrich to agree on other propositions in the bill indicates his willingness to accept several of the insurgent amendments in order to get the bill out of the senate and into conference where the final shaping up will occur. The insurgent Senators, however, are insisting upon fighting out each amendment, and declare that the regulars have not yet offered any common ground upon which they can get together in regard to the amendments on which the insurgents still insist.

COLUMBIA BANK PAPER ALLOWED TO SELL

Possibility of Great Development by Chicago Capitalists in the Eastern Part of the State.

Oklahoma City, May 18.—With the signature of the order by District Judge George W. Clark allowing the sale of about \$500,000 face value of security of the defunct Columbia Bank and Trust Company for \$225,000 in cash there looms a possibility of great developments by Chicago capitalists in the eastern part of the state.

Among the stocks in the transfer are those of various oil companies and the Bartlesville Water and Power Company. T. C. Hughes of Chicago has been in Oklahoma City for several months in the interests of the Chicago purchasers, and it is understood that it was through his efforts that the offer was made and that the industries will be developed.

The order allows the sale of a given list to Cobe & McKinnon of Chicago representing the Assets Realization company, and speaks as of May 14. The list includes notes of a face value of \$297,916, shares of Bristow Fire and Light company bonds to the amount of \$40,000 and of the Bartlesville company, \$71,750.

Filed with the petition presented to Judge Clark were the minutes of the last meeting of the state banking board. In this meeting the matter was gone over thoroughly and the offer was decided to be a good one in every respect. The Chicago firm, to show its good faith, had deposited a certified check for \$15,000 with the board.

It was announced that with the realization of this \$225,000 the liabilities of the Columbia Bank and Trust company could be liquidated and a balance left to return to the state guaranty fund. This does not wind up the assets of the company by any means, as it is reported that about \$600,000 face value of securities still remains, which it is believed can be sold for from 40 to 50 cents on the dollar.

COMMISSION ON SCHOOL FOR DEAF VISIT WASHINGTON

Washington, May 18.—The special commission from Oklahoma, composed of Bill Cross, secretary of state; E. D. Cameron, superintendent of public instruction; W. S. Wiley, education secretary of the Baptist University at Shawnee, and A. A. Stewart superintendent of the state school for the deaf at Sulphur, to which has been intrusted the work of organizing a model school for the deaf of Oklahoma, is here making a study of Gallaudet College for the Deaf and dumb today.

Prof. Cameron in discussing the work of the commission today, stated that the proposed school would comprise of six cottages, to cost \$10,000 each, and a central administration building which will be erected at a cost of \$40,000. He declared the appropriation would make possible the construction of one of the most modern institutions of its kind in the world.

While in the East the commission visited the Baltimore State school for the Blind, the Annapolis Military Academy, the Mount Airy State school for the deaf at Philadelphia, Gallaudet College, Washington, and the state school for the deaf at Indianapolis.

The commission has also interviewed Dr. H. S. Pritchett of the Carnegie Endowment fund. They asked for an endowment and received assurances that the matter would be taken under advisement.

Contracts for the Oklahoma school it is said, will be let about July 1. Charles H. Sudkoelter of Muskogee will be the architect.

JAIL DELIVERY AT DENISON.

Four Whites, Two Negroes Walk Out of Prison—Door Not Properly Fastened.

Denison, Tex., May 18.—Failure to properly fasten the Denison jail door permitted six prisoners, four whites and two negroes to walk out and secure a two or three hour start before delivery was discovered yesterday. The lock was fastened in the staple but the hasp was on top of the staple instead of the staple being put through the slot in the hasp.

Among the prisoners in the jail, all of whom but one were being held on misdemeanor charges, there was one arrested on suspicion, a negro, who remained in the open jail, a side light on the jail delivery was the fruitless trip of Sheriff Rochelle of Bowie county, who arrived here yesterday afternoon to turn a prisoner who was not a prisoner.

THE REAL TEST

Of Herpicide is in giving it a thorough trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair videos may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

With only two days notice, no weekly publication issue intervening and with too bad weather to reach the farmers with circulars or messages, the Governor Haskell reception will not probably reach the number of thousands of people from out of town tomorrow as was prospected in yesterday's press.

But when it is known that every name from the country published in another column as being on the reception committee represent people without exception, who have promised to be here early tomorrow and to bring every accessible citizen with them; there is much confidence, that the little cities and villages, alone here around will send a thousand visitors to meet the governor.

100 KILLED BY DYNAMITE

NOT KNOWN WHETHER ACCIDENT OR CONSPIRACY WAS THE CAUSE

CUBAN RURALES VICTIMS

Buildings were Wrecked. Mangled Bodies were Found Miles Away

Havana, May 18.—Two almost simultaneous explosions of dynamite supposed to consist of 3,000 pounds completely demolished the rural guard barracks in the city of Pinar del Rio this afternoon. Fully a hundred persons were killed and nearly as many were wounded.

Most of the dead were rural guards but the entire families of several of the officers of the rural guard, it is reported, were killed also, as well as several employees of the public works department and residents of the city, on which fell a deluge of masonry and debris from the blown-up building.

It is not known yet whether the explosion was the result of an accident or was due to an act of conspiracy. But the former hypothesis is considered the more probable. Several relief trains carrying surgeons, officers and men of the rural guard and Government officials started this afternoon from Havana to the scene of the catastrophe, which is 108 miles distant.

The names of the dead have not yet been reported, with the exception of Capt. Alfredo Ravens and Capt. Gaspar Betancourt of the garrison and their families, who are believed to be buried in the ruins of the officer's quarters adjacent to the barracks.

The barracks was a massive building of Spanish construction and occupied an eminence in the outskirts of the city to the north. During the late intervention it was the headquarters of Col. Parke's regiment, the Eleventh Cavalry. Adjacent to the barracks was a long row of officers' quarters. Recently the barracks was occupied by the public works department and four troops of rural cavalry.

In consequence of the alarm over race disturbances, the Government ordered all deposits of dynamite in the vicinity in the possession of contractors for road construction and other public work to be removed

to the barracks for safe-keeping. This afternoon the work of removing the dynamite from the barracks for shipment to the Government magazines in Havana was begun by employees of the public works department, assisted by rural guards.

"They" were engaged in loading cases of the dynamite of wagons when a terrific explosion occurred, instantly followed by another, strewn the central court in which the work was going on with dead and wounded. The whole massive barracks building was destroyed, the adjacent rows of officers' quarters were demolished, and the whole northern section of the city was deluged with a torrent of fragments of masonry.

The explosion occurred a 5 o'clock, a few seconds before the men would have quit work, and it is generally believed that the first resulted from the accidental fall of a box of dynamite which had been lifted on a wagon. It is impossible, however, to determine absolutely the cause, for the reason that all in the immediate vicinity were blown to fragments. It is believed the majority of the wounded are residents of the town, as practically all within the barracks were instantly killed or buried in the ruins.

The work of exhuming the dead and searching for those who may still live is going on tonight, but it is greatly retarded by the destruction of the electric light wires and the fear that a quantity of unexploded dynamite remains in the ruins.

According to reports received here the mangled remains of victims were found in the streets of the city a mile from the scene of the explosion. There is great anxiety in Havana, owing to the fact that a large number of the Rural Garrison at Pinar del Rio recently were sent from this city, where their families reside. Gen. Montague, commander of the rural guard, left tonight for Pinar del Rio with a strong force, to render all possible aid.

Opera House Ready. Harry Parks is busy today fixing up and supplying his opera house with seats. He says, its good for 15000 people tomorrow sitting down in comfort. The ladies will decorate the state in the morning.

CLINT GRAHAM ANNOUNCES
FOR ATTORNEY GENERAL

Clint Graham of Marietta, Love
county, has announced for the At-
torney Generalship of Oklahoma sub-
ject to the action of the Democratic
primaries. There are few better post-
men in the state on the laws of
Oklahoma than Graham. He was a

member of the Constitutional Con-
vention and has since statehood serv-
ed his people in the senate and was
president pro tem during the last
two sessions.
Graham's work will compare fav-
orably with any of the able men who
served with him, his most noted
work was in drafting and having
passed the Jim-Crow law, one of the
most popular laws in the state. At all
time he has voted for and worked
for the upbuilding of the state and
the betterment of its people.

He is an able lawyer, and will
fight for his rights. As Attorney Gen-
eral he promises to be ever watchful
of the constitutional rights of the
people and will pledge the enforce-
ment of every law on the books. His
friends at Marietta organized a cam-
paign club Monday and on all the
various committees will be found men
from all walks of life and from the
enthusiasm displayed they have ev-
ery confidence in his victory at the
polls August 2nd.

Clint Graham is the right man
for the place and the state will have
in him an official at the head of its
land department, a man well qual-
ified to discharge the duties in a man-
ner becoming the dignity of the high
office.

Mr. Graham will make an active
cavass for the office and will at an
early date address the people at this
place.

HON. LEO MEYER, CANDIDATE
FOR SECRETARY OF STATE

The candidacy of Leo Meyer for
the democratic nomination for Sec-
retary of State is everywhere receiv-
ing the enthusiastic and sincere en-
dorsement which it so justly de-
serves. Mr. Meyer has served as As-
sistant Secretary of State during the
administration of Secretary Bill Cross
and during the latter's illness which
has extended over the greater part
of the past three years, Mr. Meyer
has shouldered the responsibilities
of the office and carried them for-
ward with marked success and ability.
He is familiar with every detail, he
has been tried and found to be thor-
oughly competent, honest, trust-
worthy and efficient.

Shall faithful public service be re-
warded? If the democracy of this
state is desirous of rewarding one
who has ever upheld the banners
of the party, who has worked consis-
tently and conscientiously to render
that service to the public which is
deserving of their commendation, if
efficiency and though familiarity
with the responsibilities and du-
ties of the office count for anything
if the qualifications of honesty, in-
tegrity and business ability are
wanted by the tax payers of Oklaho-
ma, in Leo Meyer of Beckham coun-
ty the democracy will find just such
a man.

A vote for Leo Meyer at the Aug-
ust primaries will be a vote of ap-
preciation of the services of a loyal
and faithful public official who has
made good—(Adv)

VENTURES TOO NEAR A MULE.

Missouri Circuit Court Decides That
It Is Pure Negligence If Mule
Be in Bad Humor.

Macon, Mo., May 18.—The Macon
circuit court says that a person who
ventures too near the protesting
hoofs of a Missouri mule when the
animal is clearly in an ill humor is
guilty of contributory negligence.
Broad Johnston, a driver employed
in a mine here, was driving the mule,
"Jesse James" along the mine entry
on Nov. 6, 1903, when the air under-
ground became so foul as to disturb
the mule's placid temperament.
"Jesse James" bombarded Johnson
with kicks until the man became un-
conscious. Johnson sued for \$10,000
and the company made the claim that
it had settled for \$328. In the argu-
ment on the demurrer, the defense of-
fered a searching analysis of "esse
James" which tended to show that
the mule bore an unblemished rep-
utation barring this incident.

The demurrer was sustained on the
ground that Johnson had stayed too
near the firing line.

TRAIN CONDUCTOR
HURT AT ADEMORE

Ardmore, Okla., May 18.—J. B. Rob-
inson, a Santa Fe passenger con-
ductor, was seriously hurt at the
Santa Fe station here when he slipped
down from the steps of his train and
was dragged for some distance be-
fore being rescued by a bystander.
Several gashes were cut in his
head and his lower limbs are par-
alyzed from the effects of injuries
in his back. The injured man will
be removed to his home at Cleburne
as soon as possible.

BILL ENTITLED—AN ACT.

Proposing an amendment to the Con-
stitution of the State of Oklahoma,
in compliance with the suggestions
and provisions of Senate Bill No.
126 of the extra session of the leg-
islature of 1910, adding to Article
Three of such Constitution, the fol-
lowing provision which shall be
known as Section "4a" of said Ar-
ticle Three, the same relating to
the right of suffrage, prescribing
an education qualification therefor,
and providing a method of enforce-
ing same.

Be It Enacted By the People of the
State of Oklahoma:

That the Constitution of the State
of Oklahoma be, and the same is
hereby amended by adding to Ar-
ticle three thereof, as Section "4a"
the following:

Section 4a "No person shall be
registered as an elector of this state,

or be allowed to vote in any elec-
tion held herein, unless he be able
to read and write any section of the
Constitution of the State of Okla-
homa; but no person who was, on
January 1st, 1906, or at any time
prior thereto, entitled to vote un-
der any form of government, or who
at that time resided in some foreign
nation, and no lineal descendant of
such person, shall be denied the
right to register and vote because
of his inability to so read and write
sections of such Constitution.

Precinct election inspectors hav-
ing in charge the registration of elec-
tors shall enforce the provisions of
this section at the time of registra-
tion, provided registration be re-
quired. Should registration be dis-
pensd with the provisions of this
section shall be enforced by the pre-
cinct election officers when elec-
tors apply for ballots to vote

TRIBAL AFFAIRS
SETTLEMENT POSTPONED

Will Be Carried Over Till Next Con-
gress—May Sell Surface
Lands.

Washington, May 18.—The bill for
the settlement of the affairs of the
Five Civilized Tribes, except the mat-
ter of the sale of the surface lands,
will go over until the next session
of congress. This was decided today
when hearings on the McGuire
amendment for the resumption of the
rolls came to an end. The agreement
which has been reached is that dur-
ing the summer vacation the matter
is to be taken up at a series of con-
ferences between the Interior Depart-
ment, the congressional committees
on Indian Affairs and the chiefs of
the tribes, as a result of which the
department is to recommend to Con-
gress the names which are to be
added to the rolls. It is also hoped
that as a result of these conferences
all other details relating to the clos-
ing up of the Indian affairs in Ok-
lahoma will be agreed upon.
It is still expected that congress
will settle the question of disposing
of the surface lands at this session,
despite the earnest protests which
the Indians are making against the
provision. Their objection to the sepa-
rate sale of the surface lands is
based on the belief that such a
course would depreciate the value of
the minerals underneath.

UNCLE SAM STOPS
BOMBARDMENT OF CITY

GUNS TRAINED ON BLUEFIELD;
WOMEN AND CHILDEN LEAV-
ING CITY; U. S. STEPS IN

New Orleans, La., May 18.—A ca-
blegram to the Texas News Service
Bureau via Galveston, from Blue-
fields, Nicaragua, this morning states:
"Having outwitted the Madriz navy,
which has been seeking the vessel
for the purpose of ramming and sink-
ing her the cruiser Venus, manned
by the Estrada forces, arrived off this
port last night. The cruiser is pre-
paring to bombard the city.
"The women and children are be-
ing sent inland. Officers of the vessel,
which was fitted out at New Orleans
recently, will demand the uncondi-
tional surrender of the city within
twenty-four hours.
"The local authorities today peti-
tioned for permission to communicate
with Madriz.
"The Venus is training her guns to-
ward the city. Residents are terror
stricken. General Chavarrie is now
bombarding Rema, the fall of which
is momentarily expected."

UNCLE SAM STOPS PLAY.

Washington, May 18.—Commander
Gilmore of the gunboat Paducah has
served notice on General Irlas who
is in command of the Venus that he
will not permit a bombardment of
the city of Bluefields and has also
notified Estrada and Madriz he will
not permit an armed conflict within
the city.

STEAMER SINKS
WITH 150 ON BOARD

Panic Among Passengers—Other Boat
to the Rescue—All Saved.

Kansas City, Mo., May 18.—Panic
stricken by the realization that they
were on a sinking steamer 150 pas-
sengers, men, women and children,
struggled and fought madly to es-
cape from the excursion steamer
Uncle Sam when it struck a sandbar
and capsized in the Missouri river
near here Wednesday afternoon, and
only the coolness of the boat's crew
prevented loss of life.

The accident occurred in midstream
where the river is wide and deep.
The steamer was attempting to turn
round and while backing down the
river with the rapid current, struck
the large sand bar squarely, crush-
ing in the entire right side of the
boat.

The boat filled swiftly and men and
women began to scream, "She's
sinking; she is sinking." Instantly the
officers and crew found themselves
in the midst of a struggling mass
of humanity.

The boat was headed for the shore
but before arriving there it sank
on one side, submerging half the deck.
A few people jumped overboard, but
as the water was shallow, they were
rescued without difficulty. Officers of
the government steamer Missouri,
seeing the plight of the Uncle Sam
rushed their boat to the rescue. The
crew of the excursion boat found it
impossible to make use of its life
boats.

Officers of the Uncle Sam were bad-
ly frightened for fear that the bol-
lers of the boat would explode be-
fore the passengers were landed. The
rapid filling of the hull, with water,
cooled the boilers and probably pre-
vented an explosion.

In less than ten minutes after the
boat sank every passenger was safely
on the shore.

DO IT; THEN TALK.

"Everybody turn in now and help
beat Bill Murray," is the cry of the
republican spellbinder. God, yes!
When you have absorbed the ocean in a
sponge; when you have hobbled a
cyclone with a grapevine and lassoed
a whirlwind with a leather string;
when you have glutted the burning
maw of Vessuvius with a handful of
coal and dammed up Niagara's rush-
ing torrent from shore to shore with
a cart-load of saw-dust; when you
have built a railroad to the moon
and established telegraphic com-
munication with the planet Mars;
when you have unbuckled the belly-
band of eternity and let her go Gal-
agher; when you have gathered the
stars of heaven into a half bushel
and put them under a setting hen;
when you have cooled hell with an
icicle, and sanctified the devil with
holy water, and reformed all his imps
with Sunday school literature; Then,
but never till then, may you with
any reasonable degree of assurance
talk about beating Bill Murray.—

YALE PRESIDENT DEFENDS COMBINES

President of Yale Addresses a Convention at Gordon Jubilee of the University of California.

Berkley, Calif., May 18.—The following is an extract from an address of President Hadley of Yale here yesterday:

"It is this vast mass of varied business to be done which constitutes the chief danger to modern democratic government. The people, under existing conditions, are brought face to face with a difficult alternative. In the desire to secure efficiency, they leave the business of government to the experts, democracy dies of dry rot. If, in the desire to maintain the old democratic conditions, they try to do everything themselves, it results sometimes in efficient business and sometimes in violence and anarchy.

"It is commonly said that wealth and particularly concentrated wealth, is fatal to democracy. This is, I am convinced, a very inadequate conception, either of the source of danger or of the task and duty which lie before those who would prevent it.

"The large combinations of capital are not in any true sense the cause of dangers and difficulties today. They are symptoms rather than causes—indications that population has become so large and society so complex that their needs have outgrown the framework which sufficed for the older and simpler conditions. Under these circumstances, it is absolutely necessary to separate the problems of the people from the problems of the experts and to manage each group in its own proper way.

"The thing that makes the political situation serious is that a number of public questions of a kind not exactly foreseen by the framers of the constitution come into the foreground; questions where we need the advice of specialists, and where the particular specialists who occupy our judicial offices, however great their training and high their character, have not always the specific training which will qualify them to decide these questions wisely.

"We must," he said in conclusion, "educate the people up to the point where they will be content to leave some things to specialists."

WESTERN SENATORS BALK END DREAM OF PEACE

Washington, May 18.—Short-lived was the sweet dream of peace within the republican party over putting through what is left of the administration anti-railroad bill. This dream was evoked at the White House conference last Saturday night when the leading republican senators, except the hard and fast insurgents, got together and decided to put the rest of the bill through without any more discussion. Accordingly the court of commerce feature was adopted yesterday by a handsome majority.

Another Rupture Threatened. All indications are that the dream went to pieces today over the Cummins amendment to take out of the hands of the Attorney General the sole defense of the commission's orders when attacked in court. Some of the Western Republican senators who want to be regular on that point can not resist the demands of their constituents, and another bad rupture is threatened.

The regulars fear that another insurgent and democratic combination will upset them, so Senator Aldrich today indicated his willingness to accept the house provision of the bill as a substitute for the Cummins amendment, but Senator Cummins refused to agree to this.

Aldrich Anxious to Shape Bill. The readiness of Senator Aldrich to agree on other propositions in the bill indicates his willingness to accept several of the insurgent amendments in order to get the bill out of the senate and into conference where the final shaping up will occur. The insurgent senators, however, are insisting upon fighting out each amendment and declare that the regulars have not yet offered any common ground upon which they can get together in regard to the amendments on which the insurgents still insist.

COLUMBIA BANK PAPER ALLOWED TO SELL

Possibility of Great Development by Chicago Capitalists in the Eastern Part of the State.

Oklahoma City, May 18.—With the signature of the order by District Judge George W. Clark allowing the sale of about \$500,000 face value of security of the defunct Columbia Bank and Trust Company for \$225,000 in cash there looms a possibility of great developments by Chicago capitalists in the eastern part of the state.

Among the stocks in the transfer are those of various oil companies and the Bartlesville Water and Power Company. T. C. Hughes of Chicago has been in Oklahoma City for several months in the interests of the Chicago purchasers, and it is understood that it was through his efforts that the offer was made and that the industries will be developed.

The order allows the sale of a given list to Cobe & McKinnon of Chicago representing the Assets Realization company, and speaks as of May 14. The list includes notes of a face value of \$297,916, shares of Bristow Fire and Light company bonds to the amount of \$40,000 and of the Bartlesville company, \$71,750.

Filed with the petition presented to Judge Clark were the minutes of the last meeting of the state banking board. In this meeting the matter was gone over thoroughly and the offer was decided to be a good one in every respect. The Chicago firm, to show its good faith, had deposited a certified check for \$15,000 with the board.

It was announced that, with the realization of this \$225,000 the liabilities of the Columbia Bank and Trust company could be liquidated and a balance left to return to the state guaranty fund. This does not wind up the assets of the company by any means, as it is reported that about \$600,000 face value of securities still remains, which it is believed can be sold for from 40 to 50 cents on the dollar.

COMMISSION ON SCHOOL FOR DEAF VISIT WASHINGTON

Washington, May 18.—The special commission from Oklahoma, composed of Bill Cross, secretary of state; E. D. Cameron, superintendent of public instruction; W. S. Wiley, education secretary of the Baptist University at Shawnee, and A. A. Stewart superintendent of the state school for the deaf at Sulphur, to which has been intrusted the work of organizing a model school for the deaf of Oklahoma, is here making a study of Gallaudet College for the Deaf and dumb today.

Prof. Cameron in discussing the work of the commission today, stated that the proposed school would comprise of six cottages, to cost \$10,000 each, and a central administration building which will be erected at a cost of \$40,000. He declared the appropriation would make possible the construction of one of the most modern institutions of its kind in the world.

While in the East the commission visited the Baltimore State school for the Blind, the Annapolis Military Academy, the Mount Airy State school for the deaf at Philadelphia, Gallaudet College, Washington, and the state school for the deaf at Indianapolis.

The commission has also interviewed Dr. H. S. Pritchett of the Carnegie Endowment fund. They asked for an endowment and received assurances that the matter would be taken under advisement.

Contracts for the Oklahoma school it is said, will be let about July 1. Charles H. Sudholter of Muskogee will be the architect.

JAIL DELIVERY AT DENISON.

Four Whites, Two Negroes Walk Out of Prison—Door Not Properly Fastened.

Denison, Tex., May 18.—Failure to properly fasten the Denison jail door permitted six prisoners, four whites and two negroes, to walk out and secure a two or three hour start before delivery was discovered yesterday. The lock was fastened in the staple but the hasp was on top of the staple instead of the staple being put through the slot in the hasp.

Among the prisoners in the jail, all of whom but one were being held on misdemeanor charges, there was one arrested on suspicion, a negro, who remained in the open jail.

A side light on the jail delivery was the fruitless trip of Sheriff Rochelle of Bowie county, who arrived here yesterday afternoon to return a prisoner who was not a prisoner.

THE REAL TEST

Of Herpicide, Is It Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigor may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use." It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

His bondsmen, the Tolles Brothers, of Texarkana, heard Ward was in Denison and communicating with officers here the man was located at the creosoting plant and arrested.
